Bitch Secretary
Lloyd Austin
1000 Defense Pentagon
Washington D.C. 20301-1000

General Eric Smith is fired. General name here is fired. Austin, go tote bullets for Benny Gantz and his jets. You are to be humiliated in the extreme publicly for your treason against the United States with Obama -- the write in name gets the same. Smith I Am exterminating for his profaning Berger's house. I regret I have no more I can do for Berger. Obama can still raise his own fucking army and go after kingship over North America, no different than Trump. The LORD wishes to tell you, "Fuck you asshole." What did Bill Gates build with his warlock status into his Microsoft wonder? The total inability of United States Military troops to defend their own soil, anywhere around the globe. You want to defend North America? Destroy every Microsoft affiliated and compatible product from all military chattels. Apple just went after Me. (Big fucking deal -- so did you asshole.) Sell it all or give it away. That is good too. Retribution starts December Seven, Twenty Twenty-Three with the day break around the globe. With the rising sun humanity experiences retribution from the Ggods.

Lloyd Austin, I Am, today, haunting *The Galley* the former team of U.S.S. Chefs' new restaurant on South Staples for coffee and the occasional brunch. (Never again, like Central Kitchen's never again status.) Keep the meter running on Eight, Mamma WASP, for Me. The final touches on global shutdown, the extermination of flesh, by Spirit is in this letter. Also in this letter is how the Governing Body of Jehovah's Witnesses may be executed to save the North American populous from hell. This morning I announced to surveillance that joining Ukraine in combat against Russia was a draw -- as far as warfare is concerned. Germany and Poland are going to leave your asses hanging in the breeze. Iran is simply waiting until enough of the navy is in their territory to ambush you with Egypt at your back. Germany is restructuring. France and Spain will fall along with England and western Europe will be redrawn according to the Frisian Ggods. India will attempt to take shelter with Russia, but the Ggods are simply destroying that vile wad as a kind of global human sacrifice. North Americans are just going to start dropping dead because no Ggod wishes for them to draw breath any longer. Commerce was required to make the case for the perfection of their products. They are all far from perfect. Just ask Satan.

Outside of the Ggods just ending the breath of life in people in North America at their discretion, like the rest of the world, retribution will work through individuals fulfilling their own witchcraft by their own hands. Of course for God Almighty to do the killing the way niggers like Mr and Mrs Trump, Obama, Biden, and others (obviously many others) demanded meant I needed to do the killing. It was the Jehovah's Witnesses that made sure I was the one required to do the killing. Holy warfare on North America's soil is a long way off. The Jehovah's Witnesses went after corrupting the military to be the wanton killer of humanity. (So, naturally a faithful to Ba'al follower like Biden wants to destroy the military.) Rather than even take the world as your oyster under the LORD after all your fucking fornicating, and getting promoted in-spite of it, you cowered. You stupid asshole personally went after trying to witchcraft China falling into your hands.

China, as in the tri-Asia alliance of China, Korea and Japan bought protection when Jesus was born. (That was the importance of the "three" wise men.) You, you stupid fuck refused to invest in even backing your witchcraft demands with building up the US Military even for that purpose. In other words, you didn't even back your demands against Spirit with actions. You faithless mother fucker. You will burn in hell for this Austin, along with other things. The Jehovah's Witnesses were allowed to push the Military forcing them as it were into having no other option but engage in global conquest to accomplish the LORD's kingdom (the Jehovah Kingdom bit after the witnesses turned the LORD into a Ba'al Summer 1906) because mumsy made it possible for you to launch your nukes, first. Then I refused to allow the LORD's Church to fail even though God Almighty wants it destroyed. I kept your lights on asshole because I wanted the glory to fall to America's military. Hating My loyalty is going to cost you fucker.

Then the world was bullied into becoming the haven safe for democracy. (That was the two nukes.) Clearly there needed to be peace for the amount of commerce in every possible market to have a place in the way it did with little skirmishes to bolster Western consumer demands over the artisan crafts of the simpletons you were after plundering so they entered factories as cheap labor. The problem was they were forced to adopt the expensive way of living that they did not have access from the Ggods to exploit their lands with. America had the LORD to leverage what was God Almighty's land with. Satan was so thrilled. I have delivered many lectures. Much of that lecture material will simply be incorporated into the explanatory pages of My website. Some small amount or repetition might end up in this letter.

Now that the pleasantries of My introductory remarks are made, and I too have reminded Myself of this letter's required contents, I will discuss some granular details. On a personal note, you can tell that slut secretary of yours, while you will not cry, you will be tortured in hell. Her being tortured with you is how death is done away with. Just start shipping out as many soldiers as you can. When they take a bullet in uniform on foreign soil -- this assumes they are not in the act of fucking by saying, "in uniform" -- they have the resurrection. Sex with one's spouse is not fucking -- I agree not fucking is rare, anymore. (Hell too. But the resurrected person is not aware of their double that suffered in hell.)

There is a physical component of your existence in hell. It is purified to form the Eternal existence of Light and dark that balances Heaven. Your awareness is basically boiled (a kind of pun) down to a type of binary language equivalent of all the possible thoughts and placed in the massive Energy resource of Heaven to serve as the decision criteria switchboard that maps to this is death and this becomes life I will call them, thinking bundles. That is not detail to elaborate on in this letter. That you **should** want to avoid hell at all costs is the point of My rambling. So what the fuck? Repent!

Don't worry, you will continue to be the same useless asshole and head to hell, but there I go Charlie Brown'ing with one more effort that leaves Me flat on My back after even more of your Defense Department lies. Think of yourself as riding on a train to the North Pole. The course is set and this letter is your proof of fare and the December Seventh boarding. You being everyone, sans Me.

Putin had until October 31 sundown to deliver *his* humanity saving spouse to My door. (Given the let down marriage inevitably is -- meaning sex rarely is worth it because you can't get enough of it -- it is better to entreat the LORD to have no sexual desire. I DO! That is My way of saying nowhere in My mind to I think of marriage as a means of securing anything other than someone to inevitably ignore because they just hate you for not fulfilling them in some way. But, alas, Putin really stacked the deck on providing Me a spouse. King Solomon bought himself peace at his back taking as first wife Egypt's daughter. So too America's assholes implemented their marriage plan then Trump murdered Ted -- the fulfiller. I Am furious over that still grieving Ted a little most days. It generally goes with only a few tears now, but that death feeling in My heart and crying to God Almighty, "Ted was a big loss." To which He agrees and then when My body can receive it, there is a little comfort. (Well, God Almighty knew Putin's choice was just another useless asshole -- like you, a useless asshole -- so there was no way God Almighty was incentivising Putin's efforts. Putin can't even take Me as a POW to accomplish this task, now.)

I started to pen what read to Me like snivelling crying over not having a spouse while serving in this fuck hole. Right asshole, I love sex. There is no way for Me to experience fulfilment in this arena, at this time. (I was serious in My offer to the CIA operative with the creative executions side-hustle. You fuckers need Me to have a satisfied pussy. That only that perfect to Me human male is capable of satisfying My pussy is a function of My superiority and value to the Ggods over you! I was forced into sex, but not fornication under the butterfly valve problem Heaven deals with. Butter-fly valve problem being the same means of judging rape as being a child being born through the mothers vagina. The kind of thing that from the face value is reasoning that is bat shit crazy unless you desperately need Law to preserve flesh when bat sit just exists and you need it too put to productive use.) Then I realised what reads as My personal snivelling comes down to one global truth. This morning I lamented to Heaven, "Should I shove fiery hot coals of iron into the LORD's mouth, He would not do one damn thing to benefit Me even to have Me -- the only person who could remove those coals -- remove those coals." This fuckers is when even extortion does not work. Since I can't do against the LORD so My life benefits, no one can. When My ministry began your extortion scheme lost its power. Congratulations for all that intel you were so desperate to share boasting to Satan your exploits as Satan searched you out for these last three years. But you fuckers sure rode out the extortion bronc in grand style. Do you want a blue satin ribbon Austin or a belt buckle? To help with your decision; the buckle is stamped plate metal from recycled beer bottle caps, the ribbon is more expensive and includes a quartile heraldry motif.

You want to offer soldiers victory, longevity, and or a chance for their lazy fornicating children and spouses they can't beat sense into legally even to end debasing their own households with, you still need Me on the payroll and cruising into the Black Sea. I cruise on the eight. And that was a period. Taking the Black Sea is all We at Team God have to establish a global offensive through the United States Military saving some of humanity (them that fight with Me) from hell. How they are saved is they outlive the hell cut-off date. That date is July 4, 2076 when Satan heads to the abyss. Even Milley, at his

maturity, could live this long fighting in My camp. Clearly he would be beating the crap out of that dildo loving wife of his so he, as a male, could hold his head with pride in My military unit. It's My unit alright. I answer to Heaven for everyone. But, others, like Milley, have such admirable skills in warfare it is only right to sit to the side and perform their command decisions related to conquering the enemy. Will he? Not likely. But I still did the work so that it is completely his decision. As in only his free will with no exogenous hocus-pocus prevents him from living out his full potential in command. I Am going to be raised up the King over the earth, for a while. Once the kingdom is fulfilled I turn over My command and presumably head to My farm -- yes like General George Washington. I will retain North America preventing it from being less than what is needed to save the rest of the world when it needs saving and even after one hundred years of campaigning I will have about five hundred years of recycling on My hands with small ag plots for the few that share this soil with Me. North America will not have a population greater than five million until about five hundred years after the kingdom's fulfilment. The Ggods in the God Almighty Allness are that resolute on total destruction and have the Go Ahead on the globe December Seventh. Regardless of the success rate on abortions, not every possible genetic combination will be allowed to come into existence and people will be living longer that actually get to live until they are thirty-five. A large number of youth will die off, continually because they are just some repeat of an asshole like you that hates the LORD and accuses God Almighty of evil. Basically, even if every human female in the world were impregnated and had a child nine months from today, the whole population would still be wiped out.

North America still has a chance at being bought from hell until dawn December seventh. All of the global assets of the Jehovah's Witnesses organization as globally identified are quit claimed and signed into My name exclusively and I execute the entire Governing Body of twelve, with their spouses and lovers. The deadline is before dawn December Seven eastern time for title transfer and execution. How retribution works I explain a little later in this epistle. What is made clear is after December Seven without this provision everyone in North America goes to hell with the rest of the world populous of humanity. A fighting remnant under My command that prove they will do in obedience to Me so they live until July 4, 2076 is what remains. No, there is no room on the globe for people who do not bear arms for either God construct or land anymore. Civilians are just bullshit.

Retribution is where all the prayers of heart that people made demanding their personal Ggod construct hurt, maim, kill, rape, torment, dismember, torture, or do other unwarranted sic'o abuses like starve, bleed, or attempt breeding to animals fuzzy or bacterial -- insert Hitlers secret lab exploits here, people are going to be doing these with their own hands to one another because every thought they have is channeled by the Ggods making their laws and products successful, while they -- the person -- do not even see how it could end-up being that bad end will promise and do and carry on in commerce making the evil end happen against others while making their law or product a panacea of paradise'aic fulfilment by the way its sold and believed in. It's a little like a water bottling plant being convinced they can sterilise a facility and used bottles a certain way so the disposable bottles are now chemically recyclable and now a commercial replacement for "new" plastic and a whole bunch of people believe, "Oh this is the answer." Then people just start acting like they have lead poisoning laced with LSD. (Obviously the new scientific wonder was bullshit.) Then people will riot doing deeds of Satanism in the streets and it will be like Carnival to them. Meanwhile the bottling plant people raked in the prophets and even shipped

products to MCRD because they were such good price competitors and had such a popular product. When the madness hits, you bet Russia's soldiers will just be killing you by the thousands a day even by bayonet point. You see only the Western markets are willing to carry that wonderful bottled water. Sanctions against Russia simply saved Russia.

Jeremiah was asked to bury a wash-cloth in the river bank and then relate what it looked like when he retrieved it. Pollution is old. Death from polluted water ways is an ancient means of mass population destruction. Once Jeremiah retrieved the now rotten rag it was no brainer that God Almighty could tell him this is what they are doing to their intestines. By whatever word Jeremiah understood was the internal component of the body that handled digestion. Jeremiah was shocked the rag was rotted. Now, once he understood the people polluted themselves, the message of destruction he could deliver. Along the lines of describing a prophet's gig and what it is to learn from the Ggods requires a person who has the ability to understand that not self is communicating to them. First human Adam was God Almighty, kinda. Up to the flood the God Almighty identity (as opposed to Satan the LORD and Satan's siblings -- other Spirit) was forming from all humanity coming into existence growing the Mega God Almighty Spirit Awareness Consciousness -- getting to All the Allness was Satan's aim. Jeremiah knew as other seers, diviners, and magic practitioners, he was learning from not self. He was directed by the Divine. Who had Jeremiah's ear? The LORD and He was pissed.

Satan thrived on pitting the forming Allness against the LORD and when Moses was doing his deliverance act of Exodus fame the LORD had Satan pinned down on a Law that could not be cheated by either side in the Allness vs the LORD Satan placed himself in the middle of to humble the LORD. This is the son that is desperate to have his father beg him for his life to be spared and only sucking his son's dick on stage at Madison Square Garden will do. Plenty of people have done plenty of fucking wielding the LORD as a weapon to extort labor from the impoverished. Are you proud of being that son Austin? I don't give a shit if you think your dick is worthy of a Madison Square Garden audience. The problem you have is a Congress full of groupies for said event. These are people with opera glasses who can improvise from their own experience to make it worth their time. What you did not count on Austin is that I will make the LORD suck you to death in a performance that will end temple prostitute performances. How many orgasms can you endure asshole in a few hours of forcing coitus out of you? How many ways can you moan to tease and entertain the audience? How will your body writhe and contort as you are giving yourself over to emission after emission? You stupid mother fucker. How dare you think you are greater than the LORD at anything. You refused to do the warfare needed to save the LORD as a Ba'al. I simply fulfilled Him as one so He lives and you die by the Ba'al God Almighty was built into. You built God Almighty into a Ba'al not the Allness you needed to build God Almighty into when I was born to prevent your going to hell. Outrun this storm to avoid hell. (Only with the LORD can you live long enough to do that or the JW's are wiped out as stated by the deadline.) Spirit is anxious to get the population of North America down to one -- Me. I would have zero difficulties providing My needs and rebuilding the nation. There are no human beings on the earth at this time that have prayed for anything other than My destruction. That is being hated.

November 2, 2023 evening. The Spirit of the US Military is now totally and completely detached from all of you. Three other nations are likewise. These Spirits are available energy for the Ggods to use

for them to deliver retribution to the earth on My bread. I Am the bread -- living -- for Sprit to feast on. Human blood and fat belongs to Me.

I extemporized the night of November 1, 2023 on Jonah. It was after remarking on another way the voice that cried out in the wilderness was forgiven the rape. There were none to force the rapist into marriage like in the city. A *Herald* article or two already covers another aspect of that point of Law. A thought to consider. It is likely, in ancient history, males did not consider it real sex to play with one another sexually and females likewise as the Ggods could not produce offspring from the sexual act. The idea that a male is raping a male is most likely newer, a since fifteen hundred's thinking, in general. And there was understanding that an orphan was blessed, had some means for satisfying the priest. There are a couple thousand years to go working through human boundaries so no person is ever receiving as Satan demanded of the LORD.

Jonah is an example of an individual who was making a shit-ton of prayers in his own heart against the other guy that needed to learn a lesson from the Ggods. Then the LORD sent him to the people he himself with his prayers condemned. Jonah was hungry so see the vengeance of the LORD and hated that he did not see a reenactment of Sodom and Gomorrah. That is why Jonah was angry at the LORD for His mercy and why Nineveh's people were allowed to believe the message. Jonah probably started to doubt the existence of the LORD, or a LORD God, at least doubting His power -- because repentance was some kind of smokescreen against the Ggods impotence and he was provided the bottle gourd plant. Given how little Jonah did compared to Ezekiel with his siege-works against a brick and years of delivering a message, Jonah sure didn't do much for that repentance to happen. Your problem Humanity -- and you Austin -- is God Almighty wants to waste you so you are not being allowed to think in the way that pushes you to include Me, lest you be saved.

What is happening to North America under retribution? Over the forty-two months following December Seven of this year, the present Mexican government is going to stage some nonsense begging the navy and marines to wipe out their present cartel families estates. A few Mexican elites will use this operation to establish a new Mexican seat of government in the rebuilt Corpus Christi, Texas over the existing one, with a new Corpus Christi Police Department. As far as I Am concerned this new department can be the one to pull the trigger on mumsy. California will belong to Mexico with China holding northern coastal influence forcing mega corporations Americas to honour down to the penny to mega China's understanding of the contract, in lieu of the Walmart executives understanding -- for example.

The British Commonwealth will force the Eastern Seaboard into Chicago and along the Mississippi to trade and manufacture for the benefit of Europe as the American dollar will collapse on the global market place. Iran and Egypt will squeeze the Middle East taking the oil markets for themselves to exploit. Africa will benefit with the ethnic cleansing of all whites from their soil. This includes eliminating all white magic.

The North Pacific and greater Canada will return to being an uninhabitable wilderness. Will a few hardy souls be capable of raising up an American militia from the unruly angry masses that remain abandoned to lack of governance? Of course. This is what Trump and Obama have to rally a new American people from. Then they can war against Mexico to the South and kinda England (London is

going to be fried by nukes) in the East. States will be fighting against one another for goods desperate to protect navigable routes either over road, rail, or waterway. Bandidos will abound and make out like Bandits, as *they* say.

So, while I can't heap fiery coals into the LORD's mouth extorting Him to get you to benefit Me. I Am dishing them to you. Here is extortion plain and simple. Include Me or die a thousand deaths coward. How about this, that fucking asshole wad City of Corpus Christi pays Me what they owe Me, this includes what CCPD stole from Me under Markle, by December Seventh or by December Eighth God Almighty begins destroying the entire gulf coast. (This includes Mexico.) The Jehovah's Witnesses hand Me that five million dollars cash I Am due or by the same December Seventh deadline [Because face it, even you don't love anyone enough to prevent them from going to hell by even making My JW Governing Body execution a clandestine military operation. It would have been a ripper in the, "Fuck me baby that was awesome" sense only special forces are trained to appreciate.] on the world stage murdering -- by every means of torture -- Jehovah's Witnesses will be done on a cataclysmic scale maximizing the collateral damage of even apparent bystanders, people that are not aggressive in participating in the destruction of the JW religion (That is of course all activities that built the LORD into that vile Ba'al Jehovah.) The corporate partners that work with or have Jehovah's Witnesses on their payroll will be heavy and early targets. People won't understand that is what they are doing, cognitively. Like playing chess they won't see how they made a blunder that make check-make happen without even, "Your king is in check" first.

Returning to the present. Congress is out of money to send Ukraine, and Israel can afford to send the US money. So understand to "support" Ukraine and Israel you are going to war, and Israel and Ukraine are just going to shoot you in the back. When the marines are tired of taking bullets in the back, I can be searched out. No, there is no special incentive for breaking command and murdering you and the present ranking military at the Pentagon so I Am a participating soldier in warfare for the United State. We at Team God are simply waiting you fuckers out and if any pay up by December Seventh I can wait more comfortably in other nations so the Gulf destruction does not happen by every natural force Heaven holds over this nation like it does the rest of the world. The sooner the Federal Government is abolished the sooner I can earn a living on this soil independent of having all My operation funds funnelled to the Pentagon. In the mean time, I give you this incentive -- the J.W. funds would go to Operation Jesus H. Christ like everything else that is, I agree, on the academic side. Obviously Zaroni, Canales, and Markle did their next series of dirty deeds so that We at Team God upped the pot on crazy and honoured extortion again. Last time I got My cat Buttercup back so however Spirit interacted with flesh extortion worked. Money assholes or the Gulf is destroyed. The Gulf is just going to be obliterated. Sans My home on Dody Street of course.

All of these destructive measures Heaven is bringing to pass so one person Me rises -- for a while -- to fulfil Jehovah's Kingdom and be King over the Earth, because I Am the only flesh who is not terrified of the enemy. I would need to have a peer first to feel terror. Only Spirit is capable of terrorizing Me.

When retribution begins on this soil, North America, just about everyone will be going to hell in a rickshaw so tickled they did not have to peddle. Others just can't be happy under any set of circumstances. If you decide to save the populous from hell, they will simply be headed to destruction and live again to go to hell (perhaps) another day.

Mahalo,

Dr. H. L. MacRae (mac) Dukes LTG USMC
