

# Retire Tyre and Her King

---

July 14, 2019

**S**atan, first-born spirit son, angel, perfect in his beauty and blameless in his ways. He was also the cherub that guarded Eden. When he abandoned the law of the true God.

The very fire that issues forth from the dragon, Satan, is used to devour her. Satan will be gone forever. This prophecy in the Bible we look forward to. Satan, at the outset of Christ's Kingdom, is jailed. (Hear God say, "Don't change it." mac wants to re-write this into eight-hundred pages. She needs to leave this article alone.) Then she is released for a short time of final interaction with humankind before the true God's Kingship.

## Satan's Identity

When he abandoned the law of the true God, Satan fornicated with spirit fellows across the heavens. The prophecy of Satan cast to the ground (earth) is fulfilled after she is released from the abyss to life on earth as the whore, Babylon the Great. She and her demons; no longer permitted to enter the heavens. She is the preeminent god of our world through our idolatry. Her influence taints government and she is false religion.

## Satan is a Shrewd Liar

There is a powerful warning about Satan. She, full of wisdom, debased her wisdom. She uses wisdom to lower the moral character of people. Every form of cunning, deception, and enticement to moral turpitude is hers. We must constantly check our conduct against the Bible. (The epistle of James is an excellent place to check our behaviour.) These are days when constant prayer to the true God is necessary. We are in the final hours of a debased world that is in the claws of a dragon who will not live. Regardless of our sins we will live. Live forever in the true God's Kingdom. Search out the true God, God of Jesus, in prayer.

## Religious Leaders You are in Deep

The Prince of Tyre is a religious leader who fancies himself enthroned as a god, infallible, with great treasure, and haughty. This prince is the figurative offspring of Satan leading a vast empire of false religion. This pious one will die in the hands of government. His body; cremated. (See God deal with the Pope.)

The City of Tyre is the hub of false religion. It traffics propaganda against government, lawlessness of all forms, and many fornications. Neither the City of Tyre nor those that depend on her for commerce will survive. The mighty waters, seven seas, will cover Tyre completely. She will never be rebuilt. False religion is ending. Reach out to the true God in prayer. Develop a habit of daily Bible reading. Look for ways to leave the practices of false religion behind. The true God will lead you to true religion, worship of Him, in the body of the Christ. (Watch the true God prove His Christ.)
