**M**ocking marriage in the way you fuckers have places you in a special cross-hairs. The winking militaryish ass who prevailed upon My notice on your behalf, 2025 mid June, demonstrated literacy. Words might not be entirely wasted on you fuckers of Israel as demonstrated by him. What you do not understand is: he had access to stage his mockery of Me as his is king David's genetics of Biblical Israel born again. Not only that, mumsy has spent My life finding ways to desecrate My body under the delusion that I was Jesus born again (as an XX not an XY) genetics. It was king David's show bread stunt in front of the Ark of the Covenant that put him in the place of being the genetics that would fulfil Jesus walking the earth. Now, that winking Israeli showman is welcome to return. mumsy has a fermented store of her urine and faecal mater for him, and I Am certain she would find herself in creative awe at the ways his masculine beauty inspires tortures against his manhood. For mocking matrimony this is what I Am sending down the pike for you. My flesh has endured every torture she devised that has paid for your lofty standing with Presidents of the United States like you are some sacred cow holding back the tide waters of retribution the US is due for mocking warfare. You are not, and were not, holding back that retribution "protecting" America. That "David" that showed up last year was supposed to become mumsy's sex slave enduring her continued tortures while I was paid \$1,000,000,000.00 tax free to leave and live anywhere in the world I chose.

Yahoo:

There is going to be no decimation of Iran, Iraq, Turkey, Syria, or even Afghanistan's drug cartels. Tel-Aviv, that is at present haemorrhaging money with its maritime distribution curtailed, will be restored with a vengeance. Israel and Iran will unite embracing the needs of their trafficking allies. This rally will scourge the U.S. Navy for their abuses of warcraft. Mocking Me is abuse warcraft. (I Am forcing My pay from America for enslaving Me. The cupidity of this region is My pay point taking America down for protecting its traitors.) The Middle East on the whole will be plundered in civil war with drug kings putting Russian and European oligarchs in the shade.

As if with My birth and life's dedication to preserving Jesus' as giving the greatest gift ever, Heaven would have lost anything to the pathetic extortion of moral reprobates and crass sleaze like you people!

Come on back for mumsy to rape you Mr. Winky as you live out your life her sex slave. Yahoo you have until March 31st, of this year, to make a sacrifice of his body for Israel. Bring Me exclusive stewardship over a \$1,000,000,000.00 U.S. fund and hand Mr. Winky to mumsy as a slave to replace Me. For doing this by the time stipulated, the stated consequences against you "honest" Israelis along with delaying My scourge against the U.S. Navy you will have secured for Israel.

I Am under no conditions to unite with any soul of earth or Spirit of any realm to execute all the consequences of My office due the entire human populous of the earth on behalf of all Spirit.

Are you glad you left the negotiations to "God" Winky? Are you sated in your mocking a proposal of "marriage" to Me? Winky, I Am flesh. I preserved and preserve Creation through My flesh. I forced a zero fornication policy on military combatant personnel for survival, and at a minimum I require Cartier, Chanel, and Ferrari for My personal comfort and vanity regardless. I will give a human nothing in return for receiving these things I Am owed. My life allowed for the finest produce of the world to be created. I also do to not engage in military operations for people without being paid money. I Am enforcing everything My slavery to America paid for. They did not pay what was due the E(e)arth for accessing Viet Nam with drugs back in the sixties. Clearly, America knew what drugs were given the overwhelming shift of the hippie movement publicly launched with Woodstock.

Oh, one last thing. Just remember when you look at an American service woman, if she does not look like Miss Slut of the Month in the *Playboy* or the *Sports Illustrated* Swim Suit Edition you would beat off to imagining the fuck with; without that overly generous salary she receives she would have no access to you. The sluts of America's military need to put pressure on Congress to clean up base life for preserving and favouring family over civilian gold bricks. There is an extra penalty against all diplomatic and military personnel that fuck an American military female without being her husband. This penalty is reversed should Congress revoke the pay of all females serving in the United States Armed Forces by year end.

Yahoo, you are a tedious bastard that is little more than a penis' wart in the world of politics.

Mahalo,

the Christ
