What Is Reality?

The question for the age fulfilled by Human experiment under Heaven is: what is reality?

Guten Tag! Papa Steinmeier

The brevity of this letter, Mr. President, is a function of too much material. The essence of all We as people are is proof of the intangibility of reality. It is this intangibility that presents opportunity or disadvantage based on situation perspective. This is the same as God says. "Do you perceive a solid do you? Look closer." Science presents the atomic model. There is, apparently more space than material. Then God says, "Look from further away." Lady Wisdom understood this truth of reality framed by perspective to drive contentment or discontentment prior to her sacrifice.

Where the glass half full or half empty argument stands, on Putin's doing nothing come Boxing Day, he goes to Hell and My Spirit counterpart fulfils ziczac. All humanity is going to be demonstrating the truth of their reality. A hidden reality to come to light: When a female serves up the hash in a home dinner, all is well enough. A female serves up the luncheon or diner in a resort or tourist hot spot she is crucified. A male, human, understands a tip means, "Thank you for the sex we didn't have." A low tip says, "You are a bad fucker." Obvert wise, a good tip means, "I enjoyed your service as if you were a good fuck." Males serve people with flare in proportion to their laurels. They sell on this very ticket.

Females have no business serving in resorts unless they are providing aesthetic services, by the way. That men make the best waiters is going to tear some business apart in rivalries, whilst, those that exploit the truth of this will have longevity.

Perhaps before Boxing Day you will have addressed the LORD with a tad of piety based on this letters information. Remember; you are dust. He is not. Russia at this time is in the throws of Heavenly restructure during this ten week camp. Russia used Spirit to plunder flesh. America used flesh to plunder Spirit. America had the weighty burden of making their fleshly claims the reality that satisfied the truth that preserves life. America is over. Its constitution is not. Americans demanded indoctrination without discipline. Preserving discipline demonstrates the reality of righteousness. I Am enforcing all the discipline that matches all the indoctrination.

What an act of charity toward Me on the part of Germany would produce for your nation, I could not venture a guess. Once upon a time a dude could be such a terror decapitating the heads of nobles that the king would pay gold so that he would stop is national trophy head campaigns. If your head would make a trophy and Germany would actually pay Me gold for not taking your skull as a trophy, I would have an easy way to get treasure. Like taking candy from a baby. I never valued human bones. Good taxidermy on a bison, elk, or caribou is stirring. There is just no profit in being a Hun no more. Or, I would be making Attila blush.
